OUR SHARED HUMANITY: CREATING UNDERSTANDING THROUGH THE PRINCIPLES OF MLK WITH NONTOMBI NAOMI TUTU, FEBRUARY 22, 2016

Ms. Tutu is the third daughter of world-renowned Archbishop Desmond Tutu, and lived through South African Apartheid. In this empowering lecture Naomi Tutu combines Dr. King's dream of the "Beloved Community" with the teachings of a South African proverb, speaking to the need to understand how our actions – or inactions – affect all with whom we come in contact and ourselves. Rather than focus on what separates us, Tutu encourages us to focus on our shared humanity in order to build a just world. Both the "Beloved Community" and the proverb share an underlying theme: the importance of not dehumanizing those with who we are in conflict, but rather concentrate on what we have the power to change.

This event is presented by Associated Students. Tickets can be picked up at the Information Booth on the first floor of the Conrad Prebys Aztec Student Union. A valid Red ID must be presented. This event is free for all SDSU students, faculty and staff. There is an opportunity to meet Ms. Tutu after her presentation also.

Date: Monday, February, 22nd, 2016
When: 7:00PM-8:00PM
Where: Montezuma Hall, on the second floor of the Conrad Prebys Aztec Student Union

SUMMER STUDY ABROAD IN NICARAGUA: FOOD SOVEREIGNTY AND AGROECOLOGY, JUNE 20, 2016 - JULY 1, 2016
While mainstream US media tends to focus on the poverty in Nicaragua, social movements and local community organizing in this Central American nation are alive and well. Nicaragua is the regional gathering place for La Via Campesina, a global movement made up of rural peoples, small farmers, and indigenous communities. This movement coined the term “food sovereignty” in resistance to the corporatization and industrialization of the food system. La Via Campesina sees agroecology, a form of low-input sustainable agriculture, as a pillar of building food sovereignty.

This delegation will include visits to peasant schools that provide political and technical training in agroecology, many of which are affiliated with the Asociación de Trabajadores del Campo, a member organization of La Vía Campesina. We will see agricultural cooperatives that sustain local communities and are addressing issues like gender equity and climate change. To understand the political context in which social movements in Nicaragua operate, including its revolutionary history and membership in ALBA, our delegation will also include visits with Nicaraguan officials and citizens.

This delegation is organized in partnership through the Via Campesina organizations of Nicaragua, the Friends of the Asociación de Trabajadores del Campo (ATC), and the Alliance for Global Justice.

Cost: $1250 plus airfare
Trip fee includes lodging, meals, in-country transport, translation, and staff coordination. Scholarships are available (please contact us for more information).

STUDY ABROAD WITH INTERNATIONAL STUDENT VOLUNTEERS

This summer, we have 4-week programs in 6 countries--Australia, New Zealand, South Africa, Costa Rica, the Dominican Republic, and Thailand.

During the first two weeks, our students do 80 hours of volunteer work in either Social Community Development—doing basic health care and pre-med projects, building schools and houses, and working on educational programs for children-- or in Conservation--where they can work in rainforest regeneration or endangered species management with elephants, dolphins, cheetahs or sea turtles!

During the second two weeks, students will travel all throughout their host country, getting immersed into the culture and exploring its natural wonders. They will also get to do exciting adventure activities like white water rafting, zip lining, surfing, cave kayaking, going on wildlife safaris and WAY more!

This program is a wonderful way to get out of the classroom and have some hands-on educational experiences—throughout the 4 weeks, students will be learning all about the communities, ecosystems, and animals with which they are interacting! Furthermore, it
gives students an opportunity to do something meaningful with their summer while exploring another culture and country.

The SDSU information meetings have passed but interested students can email David Mulqueen at david13ISV@gmail.com for more information.

**LAST CHANCE! THE CALIFORNIA PRE-DOCTORAL SCHOLARSHIP PROGRAM, APPLICATION DUE FEBRUARY 12, 2016**

The California Pre-Doctoral Scholarship program is designed to increase diversity within the pool of university faculty by supporting the doctoral aspirations of students in the CSU who have experienced economic and educational disadvantages.
In 2016-2017, the California Pre-Doctoral Program will award funds to approximately 70 juniors, seniors and graduate students in the CSU. These funds are designed to enable current students to explore and prepare to succeed in doctoral programs in their chosen field of study. Awards are based on competitive review of student applications and given to current upper-division or graduate students who, in the judgment of the review panel, demonstrate academic excellence while having experienced economic or educational disadvantage, and who are committed to a career in teaching and research at the university level. The program places a special emphasis on increasing the number of CSU students who enter doctoral programs at one of the University of California (UC) institutions.

Students who are chosen for this prestigious award are designated Sally Casanova Scholars as a tribute to Dr. Sally Casanova, for whom the Pre-Doctoral scholarship is named. As a Sally Casanova Scholar, students will have unique opportunities to explore and prepare to succeed in doctoral programs. Students will have the benefit of direct one-on-one guidance afforded from faculty members from within the CSU, and the opportunity to work with faculty from doctoral-granting institutions. In addition the program provides:

1. Travel Funds for the student to visit U.S. doctoral-granting institutions and/or to attend professional meetings appropriate to the student's development.

2. Development Funds for other related activities, such as student membership in professional organizations, subscriptions to academic journals, graduate school applications and test fees, GRE preparation, and the cost of minor research materials, for example.

3. A Summer Research Experience opportunity at a University of California campus or other U.S. major research university, fully funded by the Pre-Doctoral Program, so that the scholar can participate in doctoral-level research prior to enrolling in a Ph.D. program.

Participant Eligibility

Applicants to the California Pre-Doctoral Program must be upper-division or master's degree students who are enrolled at a CSU institution as of Spring 2016 and who will also be enrolled at a CSU campus for at least one semester of the academic year 2016-2017.

All applicants must be either U.S. citizens or permanent residents at the time of application. Current or previous Pre-Doctoral Scholars are not eligible to re-apply. Each applicant must have a faculty sponsor from the student's home campus who will be available for the duration of the plan specified in the application. The program is designed for students interested in obtaining research doctorates. Students interested in obtaining professional masters or doctoral degrees (law, medicine, dentistry, pharmacy, or an MBA degree, for example) are not eligible.

The application deadline to the campus coordinator is February 12, 2016.

ASSOCIATED STUDENTS STUDY ABROAD SCHOLARSHIP! DUE FEBRUARY 29, 2016

The annual gift to support the Associated Students Study Abroad Scholarship was approved by San Diego State University students in the spring of 2008 as part of the Student Activity Fee Referendum. By approving the initiative, students are allowing a percentage of their student activity fee to be used to provide scholarships to San Diego State University students who are studying abroad. This generous decision, made by students for students, will ensure that San Diego State University continues to be a leader in study abroad opportunities.

SDSU students who have applied, or have been accepted, to participate in a study abroad program outside the United States are encouraged to apply for the Associated Students Study Abroad Scholarship. Students who will be conducting research outside the United States are eligible to receive the scholarship. Students who will be studying or conducting research in a U.S. territory also are eligible to apply. Application materials will be reviewed by a committee composed primarily of current SDSU students, with an Associated Students staff member serving as the scholarship committee chairperson.

Applications are accepted for the Associated Students Study Abroad Scholarship during two distinct application periods each year, once during the fall semester and once during the spring semester.
