SUMMER 2018 INTERNSHIP - LATIN AMERICAN NEWS DIGEST

The Latin American News Digest is seeking qualified students for a limited number of internships for Summer 2018. Because the goal of the Digest is essentially a didactic one, to spread the word about news from Latin America, we feel strongly about providing the opportunity for students to participate in this process. Student writers and researchers contribute to our weekly issues by aggregating and writing summaries of news articles found in Latin American sources. Ideally, internships happen in tandem with an independent study led by a faculty member of the
appropriate department, but this is not a requirement. The result is an enriching experience for students who discover a variety of perspectives within the Latin American media. Students are able to identify trends and anomalies in the region, giving them a much greater breadth of knowledge and understanding of the hemisphere in which they live.

Intern Qualifications:

Interns must possess excellent writing skills in English and advanced reading skills in Spanish. Ability to read Portuguese is a plus. Familiarity with Latin American civilization and culture, as well as general current events is highly recommended. The ability to meet deadlines is essential.

VOLUNQUEST, ENGLISH TEACHER SCHOLARSHIP

We have a really unique opportunity right now in that we are looking to hire recipients for a three-four month SCHOLARSHIP to teach English in Isla Mujeres, Mexico.

Our scholarship program provides all the training and a teaching certification from the Mexican Ministry of Education, all program participation costs, shared living arrangements for the scholarship recipients, transportation costs, and two cultural excursions/trips to areas in the Yucatan. It’s a really great opportunity for recent graduates to gain experience working with an international government, teaching English as a foreign language, and Spanish language skills.

To be qualified for the scholarship you need a bachelor’s degree, some experience with kids and a basic Spanish level. Because this is a shorter scholarship than we normally offer, it’s a very unique experience for recent graduates to get international real-world experience while looking for other jobs and opportunities both domestically and internationally.
